ECO-CORRECT™

Coreless Toilet Paper

Ecological AND Economical:
 Save Money and Eliminate Waste
 While Avoiding Problems Associated
 with Left-Over Core!

Proudly made
in America

Case Package

Environmental Impact Advantages:

- Eco-Correct Coreless Toilet Paper is manufactured with 100% recycled waste paper
- Reduced paper waste by eliminating the cardboard core
- Reduced paper waste by eliminating the outer wrapper on each roll
- Reduced paper waste by eliminating the cardboard shipping carton
- Clear wrap plastic has nominal impact in landfill and keeps tissue protected until distribution at the facility
- Denser roll means better storage, requiring fewer shipping vessels and therefore less fuel consumed

Safety and Security Advantages:

- Cardboard core has been used to hide contraband
- Cardboard core has been used as an inhalant enhancer
- Cardboard core has been used to jam cell door latch holes
- Cardboard core has been used to make weapons (soaked, compressed, and rolled into a "shiv")
- The outer wrapper has been used to roll tobacco and marijuana into cigarettes
- Where still used, eliminating "makeshift" spindles reduces chance of access to potential weapon
